My College QuickStart is an easy-to-use, online, personalized college and career planning kit available free of charge to all students who take the PSAT/NMSQT. The information and answers your child provided when they took the test are incorporated into this useful tool, and it presents their data back to them in four main parts:

- My Online Score Report- an enhanced score report that allows students to review each test question, the student’s answer, and the correct answer with answer explanations.
- My SAT Study Plan- a customized SAT study plan based on student PSAT/NMSQT test performance, highlighting skills for review and practice.
- My College Matches- A starter list of colleges based on the student’s state and indicated choice of major.
- My Major and Career Matches- Major and career matches that are compatible with the student’s general interests and personality type.

Access is available using the access code printed on the student’s paper score report, and the tool can be utilized throughout high school. Using My College QuickStart together with your child is a great way to introduce and guide your child through important aspects of the college-going process.
